Running	BTT
Science; biology & genetics	3D Printing

ABOUT ME

Hello! This is Guillem, licensed in Product Design and recently graduated in Web Development (among other things!). I am a multi-disciplinary person; I have always tried to work in my passions, and this has requested me to get specialised in different fields. I love when a project mixes technic, creative and challenging skills, so this is why I am landing into web development.

Fast learner. Great at tech and motivated to succeed as a Frontend Developer. 🚀

EDUCATION

< FULL STACK WEB DEVELOPMENT />

October 2021 - January 2022

Front end & Back end, remotely at *IRONHACK*.

HTML, CSS, JavaScript (ES6), React, ExpressJS, NodeJS, MongoDB, Axios. Git / Github.

< BACHELOR DEGREE IN DESIGN />

October 2003 - June 2008

Specialised in Product Design, at *ELISAVA college*.

Bachelor also accredited by the *University of Southampton*

< VETERINARY NURSING DEGREE (ATV) />

March 2011 - March 2012

Studies carried at the CIM institute, in Barcelona.

Composed of 660h class units and 400h professional practises in a veterinary hospital.

< SCIENCE HIGH SCHOOL />

September 2001 - June 2003

Studies carried at the Pia School, in Sitges.

< NON-FORMAL LEARNING />

Always

- *Photographic Technique and Theory I, II & III* - Can Basté Centre, Barcelona
- *Macrophotography and Nature Photography* - Golferichs Centre, Barcelona
- Tech events related to FDM 3D Printing as the *3DPinting Show Madrid 2015*, formative talks at *P.T.V.* and *IESE Business School* or *Printer Party Barcelona*.

EXPERIENCE

< PROJECT MANAGER @ SMART ROOM BARCELONA />

August 2016 - March 2021

Project management at shows and events, mainly design booths delivered at the European level. Global development, from the very first contact with customers, quotations creation and negotiation, design oversight, technical development, QC and build up team coordination.

< PHOTOGRAPHER FREELANCE />

November 2015 - Currently

Specialised in interior photography, I have worked on several projects shooting luxury houses, both new constructions and refurbishments.

Also interested in social and portrait photography, I won the *IV Solidarity Photo Contest* organised by Girona's city council.

< 3D PRINTER & FDM 3D PRINTERS ASSEMBLER />

2014 - 2020

< ATV @ HOSPITAL VETERINARI MIMA'NS />

November 2011 - August 2016

Veterinary nursing (office assistance, laboratory, surgery and medical cares to hospitalised animals). Community Manager, corporate image & marketing campaigns responsible.

< PHOTOGRAPHIC JOURNEY TO SOUTH-EAST AFRICA />

Sept. 2010 - February 2011

< SELLER @ DECATHLON />

June 2004 - June 2008

Team trainer. Also in charge of the snow sports section, climbing and mountaineering.

< INTERNSHIP PERIODS />

Cofreces & Cofreces Comunicaciones (Graphic design - 5 months), Cdirect (Advertising, 7 months), Carles Segarra (Photographic studio specialised in product shootings, 3 months), Cactus (Product, graphic and multimedia design - 1 year).
